I am reaching out to remind you of an organization called Angels in the Outfield. We are an all-volunteer organization that provides resources to children impacted by crime and abuse.

So far in 2018, Angels in the Outfield has provided funds to children totaling approximately \$90,000. We have served over 900 children to date and expect to grant referrals to over 2,000 children by the end of 2018. In doing so, over 400 children will receive winter coats from our organization and approximately 150 children and families will benefit from the holiday store we will host this December for children affected by domestic violence. Our funding allows us to send kids to sports camps, horse therapy, art classes, music lessons and summer camps. We have given children impacted by crime and abuse the opportunity to participate in sports, cheer, Tae Kwon Do, dance and swim. We also pay for tutoring and supply laptops to help with educational needs. We provide a significant support for the Northwest Family Services Children of Incarcerated Parents program with funding for their monthly outings. Our goal is to provide opportunities that will give the children that fit our mission a sense of acceptance, confidence, growth and happiness.

As I mentioned, our goal in 2018 was to help 2,000 children. We are happy and proud to tell you that we are well on our way to reaching that goal. As we approach \$100,000 spent this year on our kids, the annual dinner and auction, along with the sponsorships we receive from businesses and community members, has allowed us to exceed our expectations this year.

The purpose of this letter is to request a sponsorship for our 2019 annual dinner and fundraiser being held on Saturday, April 13, 2019. The event will be held at the Oregon Golf Club in West Linn, Oregon. *Angels Among Us* is this year's theme and we will be celebrating Angels in the Outfield's 10th birthday! Our goal in reaching out to supporters like you is to walk into that evening with the overhead expenses of this wonderful evening paid for. This year, with your help, we are hoping to go into the evening with all of the proceeds from the auction going directly to the vulnerable children we serve. Our sponsorship levels and packages are attached.

Of course, any donation is welcome and appreciated for the children and families we assist. Please consider making your tax deductible donation by December 31, 2018.

Thank you for your consideration and support,

Shannon Kmetic, Founder, Angels in the Outfield

Our mission is to promote healing, happiness and safety for children affected by crime and child abuse through the generosity of our contributors. The services provided to each child is determined on a case-by case basis dependent upon each child's specific needs.
